GRADING LEGEND AND SCOPE

All listed completed academic courses carry equal weight. A = 4.0; A- = 3.7; B+ = 3.3; B = 3.0; B- = 2.7. Weighted GPA adds 0.5 for Honors and 1.0 for AP or dual enrollment (maximum 5.0 per course). IP means in progress; these courses are excluded from both GPAs. AP exam results do not affect GPA. This is the complete fictional academic-course record used by the demo; non-academic courses are outside its scope. School names, grades, scores, awards, and student stories are invented. No real student identifiers, seals, or signatures are used.
